A longitudinal analysis of gender and class income inequality in different institutional contexts.	<i>Beata Nagy, Kitti Kutrovázt</i> Parental mediation in the age of mobile technology		<i>Aigul Alieva</i> Origin and Destination: Ethnic Penalty Within and Across Education Systems	<i>Regina Jusri</i> Student attrition in gender-atypical fields of study. A matter of lacking social integration?	<i>Niels Blom, Brienna Perelli-Harris</i> Past, present and perceptions of future economic hardship and the quality of partner relationships in the United Kingdom.		<i>Daniela Bellani, Giulio Bosio</i> When robots mean subjective insecurity: An industry-level study in Europe	<i>Stefanie Jähnen, Marcel Helbig</i> The dynamics of socio-economic segregation: Which role do private schools play?
Session 5 Friday 13 14.00 – 15.30	Wealth, family and trajectories Chair: Diederik Boertien	Child development II Chair: Per Engzell		Migration and health Chair: Jan Paul Heisig	Social networks Chair: Francesco Billari	Economic consequences of motherhood Chair: Hannah Zigel		Unemployment, health and well-being Chair: Marieke Voorpostel	Schools and teachers in academic performance I Chair: Martin Neugebauer
1	<i>Marianne N Hansen, Øyvind Nicolay Wiborg</i> Family wealth, educational attainment and wealth formation - a three generational study of young adults in Norway	<i>Bozena Wielgoszewska, Alissa Goodman, H. Andrew Schwartz, Margaret L Kern, Martina Narayanan</i> What can the language used in essays written at age 11 tell us about children's future social mobility?		<i>Gabriele Ballarino, Roberto Impicciatore, Panichella Nazareno</i> The Social Stratification of Internal Geographical Mobility in Europe. A comparative perspective.	<i>Joachim Gottfried Piepenburg</i> Educational intention homogeneity within close friend networks. Does information matter?	<i>Susan Harkness, Magda Borkowska, Alina Pelikh</i> Career trajectories and occupational downgrading after childbirth in the UK: why do women's careers stall?		<i>Katja Chkalova</i> Economic uncertainty, health & well-being: Selection or causation?	<i>Jan Jonsson, Georg Treuter</i> Do school characteristics matter for ethnic and socioeconomic inequality in education?
2	<i>Selcuk Beduk, Susan Harkness</i> Parental background, early adulthood work-family trajectories and wealth accumulation in the UK	<i>Yekaterina Chzhen</i> Adolescent word gap: the role of socio-economic status, parental vocabulary and children's reading habits in the UK Millennium Cohort Study		<i>Tobias Rüttenauer, Henning Best</i> Environmental Inequality and Selective Migration: A Household-Level Panel Study on how Pollution Affects the Probability of Moving	<i>Roza Meuleman</i> The role of cultural tastes in accessing educational, occupational and political network resources	<i>Stefano Cantalini</i> Career interruptions and occupational downgrading after motherhood in Italy		<i>Evelina Akimova</i> Gene-Environment Interactions in Depression: Late-career Unemployment, Recessions, and Gender Differences	<i>Moris Triventi</i> The reproduction of social inequalities in schools: Students' social background and teachers' grading
3	<i>Tarik Roukny, Milan van den Heuvel, Benjamin Vandermarliere, Koen Schoors</i> The wealth origins of income mobility: drivers of early career performances	<i>Serena Vigezzi, Sebastien Grobon, Lidia Panico, Delphine Remillon</i> Bilingualism and education: between prejudice and appreciation		<i>Yuliya Kosyakova, Philipp Jaschke</i> Does facilitated access to the health system for asylum-seekers improve physical and psychological health outcomes? Evidence from a quasi-experiment	<i>Mattia Vacchiano, Dario Spini</i> The Meaning of "Meso Level": A Network-based Perspective for Life Course Research	<i>Patrick McDonald</i> Do childless women really punish working mothers? Delving deeper into the so-called "Queen Bee" syndrome and the motherhood wage penalty		<i>Ying Zhou, Min Zou, Stephen Woods, Chiahuei Wu</i> The Restorative Effect of Work after Unemployment: An Intra-individual Analysis of Subjective Well-being Recovery through Reemployment	<i>Sara Geven, Herman Van de Werfhorst</i> A new macro-micro approach to social inequality: a case-study of teacher expectations in Germany
4	<i>Zachary Van Winkle, Christiaan Monden</i> Family Size and Wealth after Age 50 in Europe	<i>Birgit Becker, Oliver Klein</i> The primary effect of ethnic origin – rooted in early childhood?		<i>Mathieu Ichou, Joshua Rivenbark</i> Discrimination in Healthcare as a Barrier to Care: Experiences of socially disadvantaged populations in France	<i>Isabel Raabe</i> Relations, Context and Composition: How group-level socio-economic statuses affect ethnic integration	<i>Janna Besamusca</i> The Short or Long End of the Stick? Mothers' Social Position and Self-Employment Status from a comparative perspective		<i>Arjen De Wit</i> Benefits of volunteering across the working life	<i>Fabrizio Bernardi, Moris Triventi</i> The Academic Greenshirting Puzzle: Social Background, Early School Entry and Children's Outcomes
Session 6 Friday 13 16.00 – 17.30	Wealth, elite occupations and occupational change Chair: Fabrizio Bernardi	Adolescence and young adults Chair: Jaques-Antoine Gauthier (tbc)		Migration and school-to-work Chair: Giuliano Bonoli	Motherhood and the life course Chair: Patrick Präg	Parenthood and the labour market Chair: Susan Harkness		Unemployment Chair: Helen Russell	Inequality in higher education Chair: Moris Triventi
1	<i>Marc Keuschnigg, Thijs Bol, Arnout Van de Rijt</i> The Extremely Rich Are Not Extremely Smart	<i>Emanuela Struffolino, Hannah Zigel</i> Changes in the stratification of adolescent risk behavior: the case of contraceptive use at first intercourse in Italy, 1950-2006		<i>Irena Kogan, Joerg Dollmann, Markus Weissmann</i> When your accent betrays you: The role of foreign accents in school-to-work transition of the ethnic minority youth in Germany	<i>Alexander Dicks, Mark Levels, Melinda Mills</i> Explaining why some young mothers become NEET, and why some of them eventually take up employment or education again.	<i>Zachary Van Winkle, Anette Fasang</i> Baby Boomer and Millennial Cohorts Compared: Race and Gender Differences in Parenthood Wage Gaps Across the Life Course		<i>Raffaele Grotti, Siddhartha Aradhya, Juho Härkönen</i> The heterogeneous unemployment dynamics of natives and second-generation immigrants in Sweden	<i>David Reimer, Felix Weiss, Peter Rohde Skov</i> Does a bridge close the gap? The role of travel distance to university for inequality in higher education choices. Results from a natural experiment.
2	<i>Milan Bouchet-Valat, Thomas Amossé, Cédric Hugree</i> Quantifying elite occupations. A proposal for an extension of the French socioeconomic classification	<i>Mattia Vacchiano, Danilo Bolano</i> Chatting Alone? The Relation Between Young People's Leisure and Social Exclusion Outcomes		<i>Olav Nygård</i> School to work trajectories among Swedish school leavers with immigrant background	<i>Marco Tasi, Alice Gosis</i> Motherhood and mental health in the United Kingdom: Does Medically Assisted Reproduction matter?	<i>Lynn Prince Cooke, Anna Hagglund, Rossella Icardi</i> The shape of parental wage effects among British, Finnish and German women and men		<i>Gerhard Krug, Sebastian Prechsl</i> The role of social relationships in the adverse effect of unemployment on mental health – Testing the causal pathway and buffering hypotheses using panel data	<i>Friederike Schluucker</i> The social class achievement gap at university. Why and where do continuing generation students outperform first generation students? Evidence from Germany.
3	<i>Matthias Haslberger</i> Which kind of occupational change? Reassessing the routine-bias argument in a large sample of OECD countries	<i>Emily Murphy, Craig Holmes, Ken Mayhew</i> Future thinking for young people at risk of not participating in any education, employment or training in the UK		<i>Jörg Dollmann, Markus Weißmann</i> The story after immigrants' positive educational choices: Real improvement or back to square one?	<i>Sanni Kotimäki</i> Educational differences in depressive and anxiety symptoms during pregnancy: exploring the social mechanisms	<i>Richard James Breen, Giacomo Vagni</i> Sliding Doors. The Causal Effect of Children on Partners' Earnings		<i>Jan Brülle, Markus Gangl</i> Explaining persistent poverty. The effect of unemployment on poverty trajectories.	<i>Claudia Finger, Heike Solga</i> Who gets the chance to become a doctor? The role of gatekeeping processes for social inequality in access to prestigious fields of study in Germany
4	<i>Felicia Annamaria Robles</i> Young adults from disrupted families. A study on relations	<i>Hilke Brockmann</i> Why are Newcomers so Happy? Subjective Well-Being of First-Generation Immigrants in Germany.		<i>Núria Sánchez-Mira, Laura Bernardi, Bren Neale</i> Turning Points, Transitions and Trajectories. Reshaping the Conceptual Blocks of Life Course Research	<i>Ariane Bertog, Klaus Preisner, Franz Neuberger, Julia Monika Schaub</i> The impact of parenthood on life satisfaction in the light of changing gendered parenthood norms		<i>Katharina Dengler, Katrin Hohmeyer, Cordula Zabel</i> Welfare recipients' transition into employment and employment stability in Germany		<i>Christina Haas</i> The social stratification of student trajectories through German higher education: A sequence-analytical approach
